A Word to Builders

See our "CAN'T SAG" GATE. It will give you gate satisfaction.

Don't buy a Silo until we figure with you. We can do you some good here.

We believe that honest goods can be sold to honest men by honest methods.

We believe in working, not waiting; in laughing not crying; in boosting, not knocking; and in pleasure of doing business.

We believe a man gets what he goes after; that one sale today is worth two tomorrow; and no man is down and out until he has lost faith in himself.

We believe in courtesy; in kindness; in generosity; in friendship and honest competition.

We believe in increasing our trade and that the way to accomplish this is to reach for it.

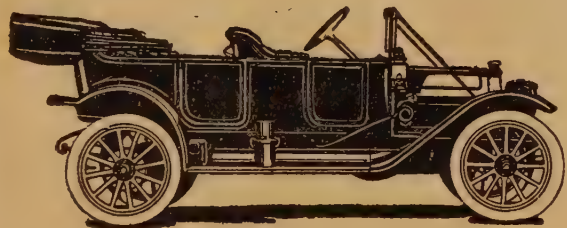

We are reaching for yours and are making prices that will beat any competition, large or small, strong or weak. Try us.

46 YEARS IN THE HARNESS BUSINESS

I have manufactured and sold harness in Winterset for 46 years my best customers are those who have bought harness at this store for many years,—this is a pretty strong indication that I have been doing business on the square. Honest material and honest workmanship go into every piece of harness made in this store.

Blankets

I have sold the Famous Northern Ohio Woolen Mills Blankets for years. There isn't a better Blanket made—if there was a better one made I would have it.

TOO MUCH CREDIT

One of the reasons of the high cost of living in this country is the "credit business." As a rule a merchant does not mark his goods with the idea of getting the cash when he sells them. He expects to sell them on time, and as a result he must add enough to the price to justify the time he waits for his money and the losses he is sure to incur.

We sell no goods on credit, every transaction in this store is done on a cash basis, every item we offer for sale is marked with the idea that we are to have the cash as soon as the goods are delivered. We solicit your Clothing business on this platform.

Your Most Valuable Possession

is your ability to earn. It belongs to your wife and children.

There are a thousand sources of danger menacing this value every day, and you have not taken the precaution to protect a dollar.

Buy a life insurance Policy Now, and it will get busy when you get quiet.

A Sufficient Amount of Life Insurance

will guarantee the comforts of life to your loved ones, if your death should occur prematurely.

Will guarantee the comforts of life to you in your old age if you are fortunate enough to live that long.

Will strengthen your credit, protect your business, and enable you to make fortunate investments that you would not be able to make without it.

Will take away three fourths of your business worries, and thereby better fit you for the every day battle of life.

Will, through the consciousness of having done your duty to those dependent upon you, give you "that peace of mind that passeth understanding", and therefore, make you a healthier, happier and better man.

"Not the Oldest, Not the Largest, Just the Best".

The Register Life Insurance Co.

furnishes safe protection at a lower net cost than its competitors.

Its policies are as liberal as a safe and conservative management will justify.

Its reserves are invested in first mortgages—on real estate.

It is an Iowa company, has an absolutely clean record of nearly 27 years of successful experience, in which it has paid every loss in full, on the day it became due.

I am permanently located here and am in the life insurance business exclusively and will cheerfully give you full and competent information regarding life insurance.

Will show you every courtesy possible in the payment of your premiums and if your death should occur will personally see that the settlement is made promptly and without expense to your beneficiary.

Publisher's Announcement

In the publication of this Atlas of Madison County, the publisher wishes to acknowledge the assistance of the advertisers. Their patronage of the advertising columns made it possible to put in the hands of the people a work that formerly cost \$12.50 at only a small fraction of this amount.

In the preparation of this work, the records of the County have been carefully followed, and this data has been supplemented by field work throughout the county, involving no small amount of time, labor and money. If the work meets with the appreciation it deserves, we shall feel fully repaid for the effort.

A special price is made on this Atlas to residents of Madison County, if taken in club with the Madisonian.
